Tutor-Ward System

Academic Year 2019-20

In academic year 2019-20 our college implemented Tutor –Ward system. Generally students as well as their parents are not aware about education system and future prospectus. Apart from this they are not familiar to overcome obstacles regarding job carrier .For this purpose Tutor –Ward system play an important role. It helps students to solve their academic, family and personal problems.

In the beginning of academic year we Art staff discuss about implementation of this system. All the Art faculty students are assigned to teachers as tutor ward. Initially tutor ward forms are distributed to staff as per assigned tutors. Actual implementation involve personal discussion, mobile communication, parent discussion etc.

In college campus we discuss with tutors problems about syllabus, books, future carrier, competitive examination, extracurricular activities, sports, cultural activity and so on. Guidance is given about participation in various curricular and extracurricular activities. Most of the times students are unknown about different examinations. Teachers solve these problems with personal communication. Parents visit is also taken to solve family problems. This system is really beneficial to students and it helps them for academic and personal improvement . Distribution of students to teachers is given in the following table.
